PROFESSIONAL SUMMARY

Digital Commerce Consultant and Certified Business Analyst (ECBA) with **3+ years** of cross-functional technology and digital transformation experience across global consumer and retail engagements. Proven track record leading digital storefront implementations, modern MarTech integrations, and consumer journey orchestration across Adobe Experience Manager (AEM EDS), Adobe Commerce (Magento), and SAP Commerce ecosystems. Adept at bridging consumer-centric business vision with technical execution, translating emerging AI-driven buying journeys and Agentic Commerce concepts into production-ready user stories, value realization frameworks, and high-converting touchpoints.

CORE COMPETENCIES & DOMAIN EXPERTISE

- **Digital Commerce & MarTech:** Modern Commerce Ecosystems, Composable & Headless Architectures, Agentic Commerce & Autonomous Buying Models, Omnichannel Consumer Journeys, Retail Media Integration & Personalization.
- **Business Analysis & Consulting:** Requirements Elicitation & Scoping, BRD/FDD Authoring, Agile/Scrum Leadership, User Story Authoring, Acceptance Criteria Authoring, Stakeholder Demos & Value Realization (ROI/Commercial Impact).
- **Platforms & Tooling:** Adobe Experience Cloud (AEM EDS, Adobe Commerce), SAP Commerce Cloud (CCV2), Jira, Confluence, Azure DevOps (ADO), Figma, Power BI, SQL, Microsoft Office, Generative AI & Agentic Orchestration Concepts.

PROFESSIONAL EXPERIENCE

Business Analyst/Product Owner — Digital Commerce & EDS | Accenture — October 2025 — Present

- **Lead requirements architecture and sprint governance** across 3 cross-functional tracks (**AEM EDS, Commerce, and PCM** squads) for a global consumer client, elevating sprint delivery predictability by **20%**.
- **Translated 40+ complex business requirements** into sprint-ready epics and **200+ Acceptance Criteria** adhering to WCAG 2.1 AA digital accessibility standards.
- **Orchestrated client-facing headless storefront delivery**, authoring **25+ AEM EDS interactive demo pages** and pitching solutions directly to European & global client leadership to secure a **100% on-time milestone sign-off record**.
- **Streamlined product discovery and developer handoffs** by collaborating daily with UI/UX leads in **Figma** and engineering architects during backlog refinement (LoE sizing across **100+ stories**), **reducing downstream development rework by ~15%**.
- **Directed end-to-end User Acceptance Testing (UAT) and Product Owner acceptance** for **100+ user stories**, maintaining a **zero-critical-defect release track record** across production deployments.

Product Management Intern | Tally Solutions Pvt Ltd — Apr 2024 — May 2024

- **Spearheaded end-to-end user discovery and competitive intelligence**, benchmarking **10 competing enterprise solutions** and interviewing **200+ customers** to diagnose friction points and define target market requirements.
- **Architected product requirements and interaction flows**, synthesizing research into **6 data-backed user personas**, **12 critical use cases** (covering edge-case exceptions), and **10 high-fidelity wireframes** to guide engineering handoff.
- **Redesigned the core document-sharing workflow**, eliminating critical handoff bottlenecks and delivering a streamlined UX that achieved a **~70% reduction in sharing turnaround time**.

Junior Software Developer | Cognizant — August 2021 — May 2023

- **Developed and supported enterprise microservices** and backend data pipelines using Java, Spring Boot, and SQL within an Agile delivery pod servicing US enterprise insurance clients.
- Investigated application logs and relational databases to diagnose and resolve **700+ system tickets** and production bugs, consistently maintaining **98%+ SLA compliance**.
- **Automated** recurring data validation and incident triage workflows across **2 client platforms**, **eliminating 10 hours** of manual operational overhead weekly.

EDUCATION & CERTIFICATIONS

- **Post Graduate Diploma in Management (MBA)** — Goa Institute of Management (2023 — 2025) | **B.Tech in Electronics & Communication** — Techno Main Salt Lake (2017 — 2021)
- **ECBA™ (Entry Certificate in Business Analysis)** — IIBA (Certified) | **Reinvention with Agentic AI** — Accenture Certified (2026)
